Your Pet is Special...

The memory of your pet is a beautiful thing to keep close to your heart. Your pet deserves care in death just as received in life. We are here to help you with this process, and to help best memorialize your beloved pet. You have many choices regarding the final resting place for your pet. You have several options for burial and if you choose to cremate, you can choose to bury the urn in a family plot or cemetery or keep it in another place of personal significance, such as the home or garden. Finally, subject to some restrictions, cremated remains can be scattered by air, over the ground or over water. Grave markers, monuments and urn vaults are other considerations.

Urns...

Begin by choosing an urn for your beloved pet. We offer a wide selection of styles and materials, many of which can be personalized.

Master sculptor and mold maker Randy Koufalis, has over 25 years experience in sculpting and design. He was born in Vancouver, British Columbia where he continues to reside. Randy blends old motifs and traditions with his own unique style to create both functional and decorative works of art and inspiration. He laboriously builds every mold that is used to reproduce all of our original pieces. These urns are a stunning celebration of artistry and imagination, captured in stone, timeless for all to enjoy. The concept and design process of each piece begins long before any actual sculpting takes place. "Most of our designs come from our interpretation of architectural elements found in our environment. Hours of research, both technical and historical, go into every piece we design. Initial concept sketches are compiled and modified and prototypes are completed. Using these rough 3-D models as references, we begin the creative process of turning our models into finished sculptures. Our products are completely hand made and hand painted by a very talented team of artisans. Each piece is made of actual re-constituted stone, taking great pride in making sure the quality of our products is unsurpassed."

Life Print Keepsakes are created by using a combination of traditional jewelry techniques, modern technology and your beloved pet's pawprint. Offering a physical touch to a pet's life, they are created from two-dimensional ink prints that are then replicated onto .925 sterling silver or 14k gold. All of the designs can have custom engraved text on the inside of the ring.

Note: For Antique fill, vigorous polishing and cleaning can remove the antique finish.
Antique fill not available for 14k.

For those with sensitive skin, we offer an optional **c-coating process (32-404)** that coats sterling silver with a hypo-allergenic finish.

Art Glass with Cremins

Made with care in Crescent's own custom built glass studio.

The process combines cremains with the art of glassmaking to create a work of art that is as one-of-a-kind as the pet it memorializes. Each unique Art Glass design is a stunning work and an exquisite way to memorialize your pet in the home. Also, many families choose pendants for each family member. Each breathtaking piece offers a special remembrance of a cherished life, reflected through form, color, and light. In the midst of the beautiful, artistic colors, the cremains look similar to white sea foam with swirling bubbles. Each piece of art glass is a one of a kind memorial. No two pieces look the same.
