I was truly blessed to have this lovely lady in my life. The best mother in law a girl could ask for. People who knew Becky Smith knew her as a kind and generous person. She seriously was one of the most selfless people you will ever meet. She was a true example of wh

at a servant's heart looks like. She raised two wonderful boys and I am lucky enough to call one my husband. Our world will not be the same but neither is hers. Today her faith was made sight and she is in paradise with her Savior. Til we meet again..... Robin Smith, wife of David Smith.

Becky was like the sister I never had for 36 years. We played Scrabble every time we saw each other - mostly late at night when everyone else gave up and went to bed. Becky was always there - ready to help me with any computer problem, quick to help us with their mother, and always loved to have a message with a pun or a funny story. Becky was immediately ready to help with anything her elderly mother needed. She was kind, loving, brilliant, and now I realize how she was the center of this small family. She held us all together even if we didn't realize it at the time. I hope she knew how much we loved her. Life will never, ever be the same without her. Janni Martin, spouse of Dynelle Martin.

“ We would get together with Becky and Lee during the holidays and I'm so thankful to have had the pleasure of getting to know and love Becky! She was a wonderful mother to our favorite son-in-law Patrick and Riley's Nana. He remembers helping Nana decorate her Christmas Tree during this season last year! We will miss you Becky!

“ I was so broken hearted to hear about my friend. This strong willed and feisty person made such an impression on me and I simply can not conceive her not being here. Becky and I became friends over 12 years ago and have gone through the ups and downs of emergency response. She was always able to smile during whatever we were dealing with and continued to say "Well, we'll get through this too!!" Her calls late in the evening always made me laugh. She would begin the call with "Hey, gotta question for ya!!" and end with "Well, just hand in there". Professional, funny and a joy to work...she will be missed more than words can express. Love you Becky...rest in peace!!

Lee, I am praying for you and the rest of the family during this time. I pray that God's grace and mercy will cover you and give you comfort.

Love you all, Eric Clayton

“ It was a great pleasure to work with Becky for so many years. We built a friendship and helped each other out to improve our inventory processes. We laughed and got frustrated together. She will never be replaced in my heart. Be with God in paradise. Love always, Mike Ball

“ Becky was a consummate professional who never met a mountain she couldn't move logistically, more she was a friend to all she worked with at the Strategic National Stockpile. In nearly 8 years of working with Becky I never heard her get frustrated or lose patience even at 2 am. She was part of our family and she will be missed.

“ Becky will be truly missed on earth but God has another angel.

I mainly knew Becky on a professional basis but she was the most caring and professional individual I have worked with.

Becky is a true warrior. She has supported the Strategic National Stockpile for well over 20 years behind the scene helping save countless lives. Over the past year, she was on the tip of the spear providing much needed assistance fighting the COVID-19 pandemic. Through her selfless acts, she helped save thousands of Americans in the fight against COVID-19.

May peace be with her friends and family.

Respectfully,

“ Sending heartfelt condolences and prayers to the family of Becky. I've known Becky for many years. While working with the CDC. I would see Becky twice a year. In Olive Branch and Salt Lake City, Utah. It was an absolute joy to sit and talk with her, and to gain valuable insight and knowledge of the systems she ran with expertise. Most of all I enjoyed listening to her tell the story of the road trip her and her husband journey on from MS to UT. After our mission was completed. They would journey to Texas to visit family. Our QA/QC team will truly miss her warm spirit and willingness to go beyond for mission completion. Although our hearts are sadden. We know without a doubt that heaven has gained a very smart and intelligent angel. You have definitely left a legacy that your family can carry on with pride. Well son thy good and faithful servant. Well Done.
