“ Received was one of the nicest people you could ever know. Rex was talented in many ways and could fix almost anything as long as you didn't call it work, his words were that is a ugly word and I don't want to hear it. He and I caught many fish together and I even taught him the easy way to scale a bream. I remember having Bill Dance send him a hat and he was so surprised and called me, but I told him I guess Bill heard how good of a fisherman he was. I am a much richer person for having the opportunity to spend a lot of good times with him and with his passing he took a piece of my heart with him. Rex you will be missed, but thanks for all the memories you left with us. Always loved. Johnie
